Why Swayam Vidya ?

(Website view)

Why Swayam Vidya ?

(FIGMA view)

Problems identified in the Trending courses segment

Design Alignment:

- Issues with spacing, font, colours and alignment,image proposition issues

Responsiveness: Pages not optimised for mobile, tablet, and desktop views.

Functionality: Features not working as intended. (clickability for the whole course etc..)

Content Placement:

- The certification icon and text are missing.
- Only three courses should be visible at a time. Others should only be visible after using the sliding or button options. (automatic sliding option)

6. Testimonials

The screenshot shows the SWAYAM VIDYA.com website's homepage. At the top, there is a navigation bar with the logo, a search bar, and links for 'Explore Courses', 'Home', 'More', and 'Account'. Below the navigation, a large blue banner on the left says 'What our Students say about us?' with a heart and gear icon. To the right, there are three testimonial cards for 'Sohail Siddique', 'Shekhar', and 'Anjali Singh', each with a profile picture, name, title, and a 'verified' badge. The text in the cards is placeholder text.

(Website view)

The screenshot shows a Figma wireframe of the Testimonials section. It has a similar layout to the website screenshot above, with a blue banner on the left and three testimonial cards on the right. The cards are for 'Jacob Austin Brandy', 'Berliana Flora Daisy', and 'James Christian', each with a profile picture, name, title, and a 'Verified' badge. The text in the cards is placeholder text.

(Figma view)

Problems identified in the Testimonials segment

(FIGMA view)

Problems identified in the FAQ segment

Design Alignment:

- Issues with spacing and alignment.
- Design changes

Responsiveness: Pages not optimised for mobile and tablet views.

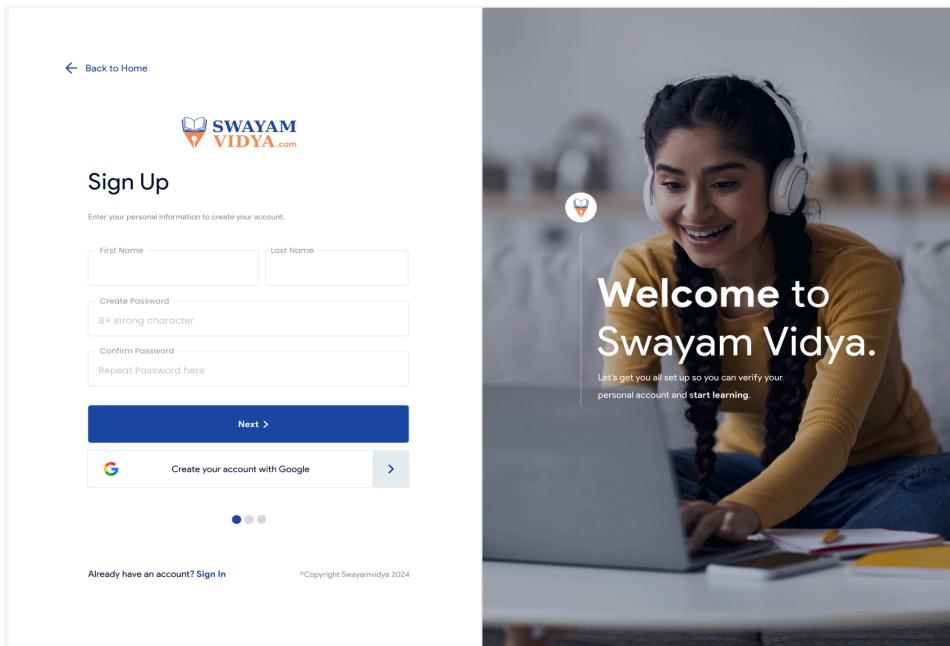

8. signup

The screenshot shows the sign-up page for Swayam Vidya. At the top left is a 'Back to Home' button. The main heading is 'Sign Up' with a sub-instruction 'Enter your personal information to create your account.' Below this are input fields for 'First Name' (with placeholder 'First Name') and 'Last Name' (with placeholder 'superadmin@example.com'). There are also fields for 'Password' (placeholder '*****') and 'Confirm Password' (placeholder 'Confirm Password'). A blue 'Next' button is positioned below these. To its right is a 'Continue with Google' button with the Google logo. At the bottom of the form area are three small circular dots indicating a multi-step process.

(Website view)

(FIGMA view)

Problems identified in the sign up segment

Design Alignment:

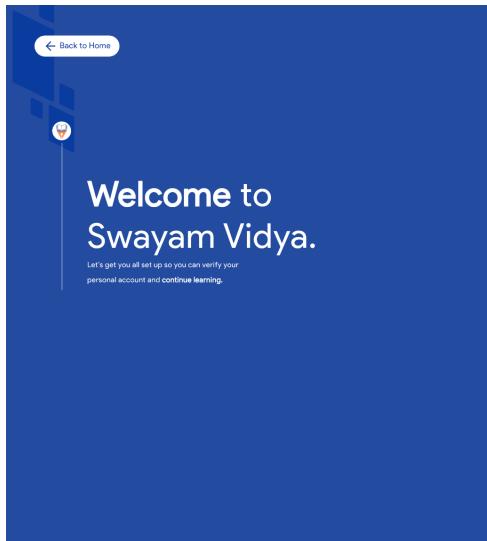

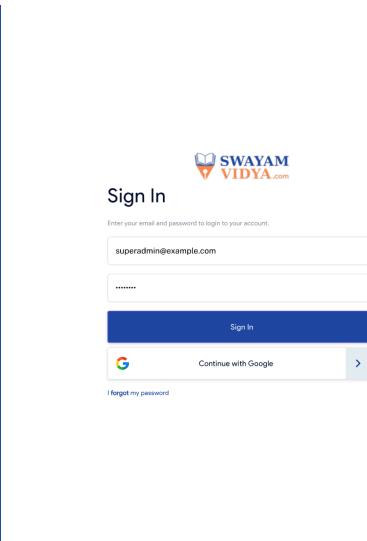

- Issues with spacing, font, colours and alignment.

- Design changes

Responsiveness: Pages not optimised for mobile and tablet views.

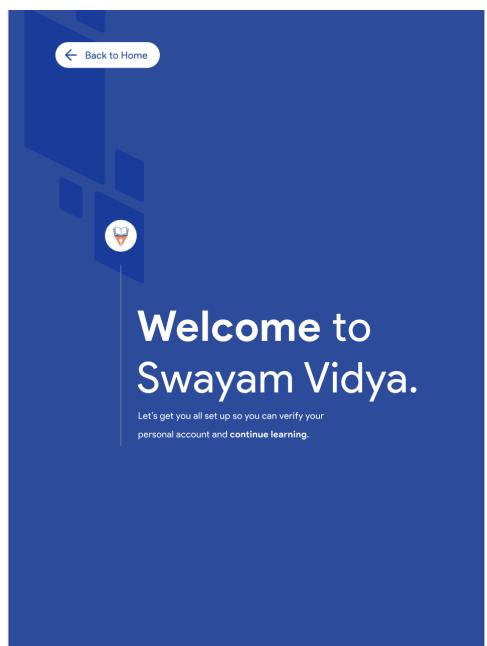

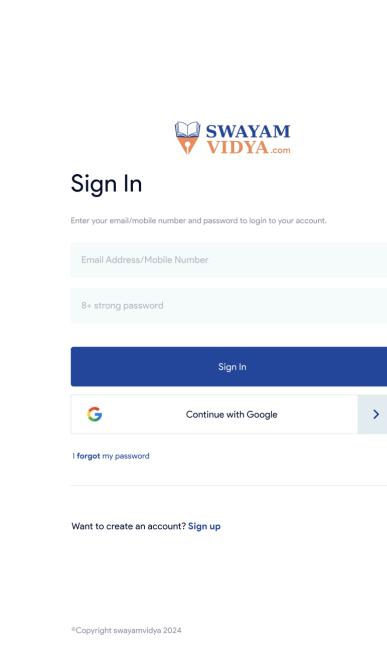

Functionality: Features not working as intended. (sign in position/icon hyperlink)

9. Sign in

The image shows two versions of the Swayam Vidya sign-in page side-by-side. On the left is a screenshot from a web browser, and on the right is a Figma wireframe. Both pages feature a dark blue header with a 'Back to Home' button and a logo icon. The main content area has a white background with a large 'Welcome to Swayam Vidya.' heading. Below it is a sub-headline: 'Let's get you all set up so you can verify your personal account and continue learning.' A small 'I forgot my password' link is visible at the bottom of this section. The Figma wireframe on the right shows the same layout but with a more detailed view of the input fields and buttons. It includes placeholder text for email and password, a 'Sign In' button, and a 'Continue with Google' button with a Google icon. The footer of both pages includes the copyright notice 'Swayam Vidya 2024'.

- Icon hyperlinking

10. Forget password

(FIGMA view)

Problems identified in the forget password segment

Design Alignment:

- Issues with spacing and alignment.
- Design changes

Responsiveness: Pages not optimised for mobile and tablet views.

Functionality: Features not working as intended.

- Icon hyperlinking
- Signup not functional

Conclusion

As part of the review we find many issues within the homepage itself, This report outlines discrepancies between the intended design and the delivered website. Resolving these issues is essential to maintain the integrity of the user experience and brand standards.

We recommend reviewing the identified areas, referring to the provided design specifications, and implementing the changes accordingly. A structured quality assurance check is advised before final deployment to ensure alignment with the original vision.

We appreciate your efforts and are ready to collaborate further to achieve the desired outcome.
